

Trainer Profile – Nagabhushanam N

Profile

- Corporate Trainer and Technical Consultant with 9 years of experience on the following Technologies and Products:
 - Java SE, Java EE
 - Struts 1.x/2.x
 - JSF, RichFaces, Oracle ADF
 - Spring Framework
 - Hibernate, JPA
 - Java Web Services
 - Oracle Weblogic-Server Administration
 - JBOSS Server - Administration
 - Ant, Maven
 - JUnit, TestNG
 - Web Technologies (HTML, CSS, JavaScript, XML)
 - JQuery, DOJO, Ext-JS, Angular JS, Backbone JS, Bootstrap, ReactJS, Node.js
 - Liferay Portal Development and Administration

Experience

- As a Freelance Trainer and Consultant – 5 years
- As a Trainer and Technology Consultant in DNATA - Fly Emirates, Dubai – 3 years
- As a Java Trainer in NIIT, Bangalore – 1 year

Certifications

- Sun Certified Java Programmer (SCJP)
- Certified in Spring Framework

Education

- B-Tech (Information Technology) – Anna University- Chennai (India)

List of Trainings

- | | |
|--|--|
| • Data structures and Algorithms using C, Java programming | • Java EE (Servlets, JSP) programming |
| • Object Oriented Programming Concepts | • EJB 3.x Component Development |
| • OO Design Patterns using Java | • Java Web Services Implementations. |
| • Java SE Programming | • Web Application development using Struts 1.x/2.x Framework |

- Web Application development using JSF
- Spring Framework Core Module Concepts
- Spring Web MVC
- Spring AOP
- Spring Batch Framework
- Spring Integration
- Spring with Hibernate and JPA
-
- ORM with Hibernate, JPA
- Oracle Weblogic Server Administration.
- JBOSS Application Server Administration
- Liferay Portal Dev and Administration
- Web Technologies
- Angular JS
- Bootstrap
- JS Frameworks

Training Conducted

Trainings	Clients
C, Java SE, Java EE	SCII – Tumkur
Java SE , EE , Struts , Hibernate	CGI – Bangalore , Hyderabad
Java, Spring Framework, Hibernate (Multiple Batches)	Accenture – Bangalore, Hyderabad, Chennai, Pune
Java, Struts , Hibernate	HCL - Bangalore, Hyderabad, Chennai
HTML, XML, JavaScript, CSS, AJAX	PerotSystem (DELL) – Bangalore
Spring Framework, Hibernate (Multiple Batches)	Infinite – Bangalore , Chennai
Spring Framework , Hibernate	Logica CMG – Bangalore , Chennai
Spring Framework, Hibernate (Multiple Batches)	HCL – Chennai
Spring Framework , Hibernate	CTS – Bangalore
Spring Framework , Hibernate	Inautix- Chennai
Adobe Flex	Naresh Tech – Hyderabad
Oracle Database SQL , PLSQL	PerotSystem – Bangalore
Struts 2.x Framework	Logica- Chennai
EJB 3.x	ATOM – Mumbai
Java, Spring Framework, Hibernate (Multiple Batches)	Wipro – Bangalore, Chennai, Pune
Spring MVC , Hibernate , JBOSS	Robert Bosch – Coimbatore
Apache Maven	Logica- Chennai
EJB 3.0	Symphony Teleca - Whitefield
C , SQL , PLSQL, Java EE ,Struts 2.x	Toyota – Bangalore
Spring Portal MVC , Liferay (multiple batch)	CNO – Hyderabad
Weblogic Server Administration	HCL – Chennai
AJAX, Jquery	Toyota – Bangalore
Complete Java Programming	Polaris – Chennai
C,C++, Data structures	NIIT – Bangalore
Java Web Services , Spring, Hibernate	Infinite – Bangalore
JSF	Logica- Chennai
Java SE &EE, Maven, AJAX, JQuery, Spring, JPA,	Fly Emirates – Dubai (UAE)

JBOSS App Server, JBOSS Drools.	
Embedded Java , HTML5	TATA ELXSI – Trivandrum
C, Java	RISE College – AP
Java Script, DOJO	TCS ,CTS, Trianz
JSF , Richfaces , PrimeFaces	ATOS – Pune,Mumbai
Spring Framework , JPA	Inautix – Chennai
Spring WebFlow ,Spring Batch , JPA	V2Soft – Bangalore
Oracle ADF	Wipro
Java , JEE , Spring , Hibernate , Web Services	ATOS
Java , Spring , Hibernate	Genpact-HeadStrong Group
Oracle Weblogic-Server Administration	Ministry of Finance (MOF) – Qatar Gov
Java, JEE, Oracle Weblogic-Server Administration	Sudan Gov
OFM Administration	Ministry of Finance (MOF) – Qatar Gov
Oracle ADF	MOF
Oracle Access manager	MOF
DOJO Framework	Persistence , HSBC – Pune
Bootstrap	CSC - Chennai
Angular JS	CTS , Wipro , Many Clients
NodeJS	Wipro , IBM

Conducting Projects

- EDAP (Electronic Dealer Management Process)**

Client : CHRYSLER

Role : Technical Consultant

Team -Size : 22

Technology : Java EE, Spring Framework, DOJO

Description : This project main aim to automate (Electronically) dealer management process with Chrysler. Any dealer who wants sell Chrysler cars and jeeps, they need to do many dealer agreement formalities and approvals from various departments. The client was using one legacy application which was developed using VB. Now client decided to re-implement that entire project with modern technologies even with mobile support.

Responsibilities:

- Code refactoring with proper design pattern
- Modules which use Spring WebFlow and Batch
- UI pages using DOJO
- Fixing Bugs
- Deployment Environment Setup
